A conference on **Functional Analysis and Operator theory** was held at the Indian Statistical Institute, Bangalore from the 8th to the 11th of August' 2010. This was one of the Satellite conferences (under Section 9) of the International Congress of Mathematicians (ICM) 2010. This special issue contains papers based on talks given by speakers at the conference, participants and invitees.

The conference organizers thank the Department of Science and Technology, the Indian statistical Institute and the Indo-US Science and Technology Forum for financial support. We are grateful to the publishers, Element d.o.o., Zagreb, Croatia for agreeing to bring out these Proceedings as a Special Issue of OAM. We also thank the contributors and the referees for their timely submissions.
